

GUIDE FOR CANDIDATES

Before applying, you should carefully check that you meet all the eligibility criteria by reading the call for expressions of interest and this guide and taking due note of the requirements they set out. You must complete the online application form and include all the requisite supporting documents, preferably in PDF format.

1. Creating an account and completing the application forms

Apply online by following the link in the notice and carefully completing all the sections. **You must create only one account**, which you can create by clicking on the 'Apply online' tab.

Then click on Next.

Select, or upload, your CV, and complete the declarations.

Finally, click on Next and complete all the mandatory sections of the application form, which are marked with an asterisk.

Ensure that all required supporting documents are attached. Supporting documents can be in any of the following formats: DOC, DOCX, GIF, JPG, TXT, PDF, PNG or RTF. While we accept these various file types, we highly recommend submitting documents in PDF format for consistency and reliability. It is your responsibility to ensure that the documents are clear and legible. You can upload files **up to 5MB** in size to the Apply4EP platform.

Validate your application by following the instructions in Apply4EP. Make sure that your application is completed correctly and accompanied by all the relevant supporting documents before submitting it. Once your application has been validated, you cannot change it or add documents to it.

Check your Apply4EP account regularly. Make sure you keep your registered contact details, including your phone number and e-mail address, up to date. Recruiting services may try to contact you by telephone or e-mail. You can update your contact details by logging in to your candidate account.

1.1 Supporting documents for the general eligibility criteria

No documents are required at this stage to prove that you:

- are a national of a Member State of the European Union;
- enjoy full rights as a citizen;
- have fulfilled any obligations imposed by national laws concerning military service;
- have the appropriate character references as to your suitability for the performance of the duties concerned.

You must tick the box to declare on your honour that you meet the criteria and that the information supplied is true and complete. You will be asked to provide documents proving your eligibility if you are recruited.

1.2 Other supporting documents

1.2.1 Diplomas

For **diplomas**, you should enter the details of your secondary education diploma(s), post-secondary diploma(s) and/or university diploma(s). You must upload a copy of each diploma in a single document, preferably in PDF format. If you have a diploma from a non-EU country, you should provide a declaration of equivalence issued by a competent authority of a Member State of the European Union.

If you submit diplomas relating to technical or vocational training, further training or specialisation courses, you must state whether the course was full time or part time or consisted of evening classes, as well as the subjects studied and the official duration of the courses. Please upload this information in a single document, preferably in PDF format.

1.2.2 Professional experience

Professional experience will be taken into account only if it has been **obtained more recently than the requisite diploma or qualification**. This experience needs to be proven through supporting documentation. The supporting documents must prove the **duration and level** of the professional experience, and the **work performed** must be **described in as much detail as possible**. While it is possible to submit several supporting documents with your application, if you have more than one document relating to the same period of professional experience, you must upload them all as a single file.

All periods of professional experience cited must be substantiated by supporting documents, for example:

- statements from former employers and your current employer certifying that you have the professional experience required to be eligible for the procedure;
- if, for reasons of confidentiality, you cannot attach such statements, you must instead attach photocopies of your employment contract or a letter of recruitment and both your first and your most recent salary statements;
- where the work was not performed on behalf of an employer (e.g. as a self-employed person, as a member of the liberal professions, etc.), invoices detailing the services provided, or any other relevant official supporting document, will be accepted as evidence.

The professional experience must be relevant to the required duties, constitute genuine work and have been remunerated. However, particular cases of professional experience are considered as follows:

- Professional experience as a volunteer: if it is governed by a contract or equivalent formal agreement and if it lasts at least five months full time. The total credit for experience as a volunteer is limited to one year.
- Paid or unpaid traineeships: if they do not form part of a course of study and if they lasted at least five months full time. The total credit for traineeships is limited to one year. Only the minimum duration of a traineeship that must be completed in order to gain access to a profession will be treated as relevant professional experience, and only if the person

concerned actually obtained the right to practise the profession in question.

- Compulsory military or civilian service: credited for the length of time actually served. In this specific case, such experience will be taken into account irrespective of the date on which the diploma giving access to the relevant function group and grade was obtained.
- Maternity/paternity/adoption/parental/family leave: if covered by an employment contract. It is considered as 100 per cent work regardless of whether it was taken on a full- or half-time basis.
- Doctorate: up to a maximum of three years, provided the doctorate was actually obtained.
- Part-time work: calculated pro rata on the basis of the number of hours worked (e.g. two days in a five-day working week for a duration of 10 months would count as four months).

1.2.3 Knowledge of languages

Your language 1 is considered to be the EU language you master best (mother tongue level) and your language 2 is considered to be the language you master second. A supporting document is not mandatory for proving your language knowledge.

2. Protection of personal data

The European Parliament, as the body responsible for organising selection procedures, ensures that candidates' personal data are processed in strict compliance with Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union bodies, offices and agencies and the free movement of such data, and repealing Regulation (EC) No 45/2001 and Decision No 1247/2002/EC (Official Journal of the European Union L 295 of 21 November 2018) in particular as regards their confidentiality and security.

3. Complaints, appeals and complaints to the European Ombudsman

3.1 Administrative complaints

Under Article 90(2) of the Staff Regulations, participants may address an administrative complaint to the Secretary-General against a decision of the recruiting service or the Appointing Authority that adversely affects them within three months of notification of the contested decision. Please note that decisions taken by the recruiting service cannot be modified or annulled due to the wide margin of appreciation it enjoys.

3.2 Judicial appeals

Under Article 270 of the Treaty on the Functioning of the European Union and Article 91 of the Staff Regulations, participants have the right to submit a judicial appeal within 3 months of notification of the decision of the recruiting service that adversely affects them, or, for decisions taken by the Appointing Authority, of notification of the decision taken in response to the complaint. Indeed, judicial appeals against decisions taken by the Appointing Authority must be preceded by an administrative complaint.

3.3 Complaints to the European Ombudsman

As EU citizens and residents, participants can lodge a complaint with the European Ombudsman. Complaints made to the Ombudsman have no suspensive effect on the deadlines laid down for lodging administrative complaints or submitting judicial appeals.

Participants may consult their application files on request. They may refer a matter to the European Data Protection Supervisor at any time.
